FALL RIVER IS FACING STRIKE

Manufacturers' Association Refuses to Grant Wage Increase Asked.

Fall River, Mass., Dec. 1.—The Fall River Textile Council voted unanimously tonight to refer to its local unions the refusal of the Manufacturers' Association and of Bertram H. Borden, president of the Fall River Iron Works corporation, to grant the \$2 1-2 per cent increase in pay which the operatives asked. This it was pointed out in labor circles was a serious step. In other wage disputes the Textile Council, upon receiving a refusal has always asked another conference with the manufacturers before referring the matter to the affiliated unions. The unions are asked to meet Wednesday night. The date set by the council for the wage increase to become effective on December 8.

At the conclusion of the meeting, Secretary Thomas Taylor issued the following statement:

The communication from President Borden of the iron works was taken into consideration and discussed fully. It was voted unanimously to refer this communication to the five textile unions to vote on this question.

"Shall we accept the refusal of the manufacturers and the iron works management or insist that the advance of \$2 1-2 per cent become effective December 8th?"

In labor circles generally it was stated that the situation was more serious than it has been at any time since the last big strike here in 1904. Between six and seven thousand operatives are employed in the mills.

REFUSES TO PLAY IN THIS CITY

Dover High School Team, However, Announces that it is Willing to Play Portsmouth High on Neutral Grounds

The mouthpiece of the Dover high school football team has the following "cry baby" screed in a Dover paper:

"If the members of the Portsmouth high school football eleven are really sincere in their expression which they have offered for publication, and other means of having them reach the ears of the Dover fans and members of the Dover team it is probable that a match will be arranged within a short time between this great pair of school elevens. The local young warriors are tired of the wailings of the boys down river since they were humiliated by the local eleven and if they desire to play another game with Dover they may do so by coming to this city at any time, or if that proposition does not meet with their approval the Dover boys will give them a chance on any neutral field they may select which can be reached by players and rooters alike from this city. In regard to playing the game at Portsmouth, there is 'nothing doing' as the players and all others who are familiar with the tactics which are in vogue at Portsmouth when a Dover delegation visits that city, have long since been established, and the thoughts of the imperative advice which they would be subjected to if they journeyed to the seashore city have occasioned the dismissal of any propositions to play the game in Portsmouth. The experience, which other representations from this city have had in the past in athletic encounters in Portsmouth has been to the members of the Dover team in all its details and again the essay 'nothing doing.'

By defeating the Portsmouth team in this city by a score of 14 to 6 and

LETTER TO HOLLIS ABOUT WORK

What Department Says About Montana and Montgomery.

Relative to the U. S. S. Montgomery being put out of commission at Philadelphia, the following letter was sent Senator Henry P. Hollis relative to the same:

"In regards to placing the Montgomery out of commission at Philadelphia, the department regrets to inform you that this action became necessary on account of the discovery that a large amount of work would be necessary on that vessel to make her seaworthy. The expense of this work is not considered justified owing to the vessel's age and general condition, and for this reason the department decided to replace her by the Montana, which vessel will carry out the winter's torpedo exercises.

"It was necessary for the Montgomery to go to Newport for the purpose of making certain ordinance material and to take on other material, including torpedoes and proceed to Philadelphia to transfer this material and all her personnel to the Montana.

"I have pleasure in calling your attention to the fact that the Portsmouth navy yard loses nothing by this exchange, for no more money will be expended on the Montgomery, and the Montana, a much larger vessel and one that will undoubtedly require a great deal more work done on her has been detached from the reserve fleet at Philadelphia and assigned to Portsmouth as a home port."

It may be added that the Montana has never been detached from this yard as home port as far as can be learned, and the yard in this case, is simply getting only what belongs to it. Although the vessel is tied up in reserve with many others at Longue Point, the Portsmouth yard has been kept in the latest assignment of vessels issued April 14, 1913 expected the Montana would naturally come here when repairs were necessary.

WAS BURIED IN TONS OF COAL

Russian Laborer in Perilous Position in Coal Chute for Upwards of Two Hours.—Made His Will and Bid Friends Good Bye

After being buried for two hours and five minutes in hard coal, John Balboots, a Russian employed by the Consolidation Coal Company, came out alive and with hardly a scratch. Balboots with several others was engaged in trimming broken coal in the pocket when one of the chutes was opened below for a wagon to load. The man working too near the drop began to move toward the chute with the coal up to his waist. Some of the other workmen attempted to save him but the moving coal carried him down the chute until his body plugged the same. Every workman in the building immediately began the work of rescue. Four other chutes were opened, allowing between 400 and 500 tons of coal to be released on the dock below, while the workmen in the top of the building succeeded in keeping the coal from burying his face and head. This work saved the man's life. While in the perilous position Balboots thinking he would finally meet death from suffocation shook hands with his fellow countrymen and prayed and cried. He then called a relative and made his will. The scene to the other men was most touching. With their hearts filled with sorrow and their eyes with tears, they continued the gallant work and Balboots was lifted from the chute just before ten o'clock.

To get him out of the pit it was necessary to attach a rope to his body and lift him a distance of thirty feet. His countrymen hugged and kissed him when they realized he was saved. One leg which had been twisted in the chute was badly bruised and his body more or less affected by the pressure of coal against it.

At one time his body held back nearly 800 tons of coal. His life was saved owing to the timely work of the other men.

POEHLER STILL CHAMPION

Defeats Lavigne of Worcester by 154 Pins in the Presence of 1000 Bowling Fans.

Before nearly 1000 bowling enthusiasts of Worcester and adjoining towns Paul Poehler of Boston, formerly of this city, on Monday evening retained his laurels as champion by defeating Arthur Lavigne of Worcester in a 10-string match on Sharrott's alleys, 1184 to 1030. The prize was valued at \$100. It was Poehler's first appearance in Worcester, and at no time did Lavigne have a chance to defeat the champion. There were only two pins apart on the first string, Lavigne scoring 107 and Poehler 105. Lavigne weakened in the second string, getting only 104 to Poehler's 120.

The third string was the feature of the match. Poehler started off with a strike for 20 pins, next got a 15 spare, and then settled down for a total of 147, toppling 60 pins in the last three boxes, in which he got two spares for 18 pins. In the last two boxes he split the maples for 35.

In the first five strings Poehler got 15 spares for 114 and three strikes for 35, and in the second five strings he managed to get 17 spares for 99 pins and 1 strike for 8.

Lavigne got 9 spares for 61 pins and 1 strike for 6 in the first five strings, and in the second he got 5 spares for 47 and 3 strikes for 24. The score:

Poehler: 105, 120, 147, 115, 117, 113, 122, 130, 107, 103; Total, 1184.

Lavigne: 107, 104, 104, 90, 108, 87, 93, 94, 128, 115; Total, 1030.

ILLUSTRATED LECTURE

An illustrated lecture of exceptional interest will be given by Dr. Chauncey J. Hawkins before the Grafton Club at Association Hall on Wednesday, December third, at four o'clock p. m. The subject of the lecture is "Bright Eyes and Wild Hearts of our Northern Woods." Dr. Hawkins presenting pictures of animal life considered among the finest in the world. Admission thirty-five cents.

KEEPING UP THE EXCITEMENT IN WOMEN'S COATS

It seems to us that no woman who needs a Coat for Winter wear can read the following list without being strongly impelled to come and see the garments to which it refers. We judge not only by our own unbiased knowledge of the good style, good quality and actual worthiness of the Coats, but by the enthusiastic reception which has been accorded to these and similar offerings this season.

Boucle Coats, full lined, in navy, brown and black, values 20.00—sale price 15.00.

Special lot of Coats at 10.00 and 12.98.

Largest line of Black Astrakhan Persian Fur, Etc., in this city, at prices unequalled. Look them over. It costs nothing.

DETECTIVE FROM NEW YORK HERE

Interviews Enlisted Man at Navy Yard Said to Have Witnessed Shooting Affair.

Detective William Boyle of the New York police headquarters arrived here on Monday and today went to the navy yard where he interviewed an enlisted man on one of the vessels regarding a murder which took place in New York City, in Sept. last. The enlisted man is said not to be connected with the crime any further than as a witness. The New York officer could get little or nothing concerning the case on his visit to the naval station and left for home this afternoon to report his unsuccessful attempt to get the navy man to divulge any knowledge he may have had of the shooting said to have occurred by a cafe. Several arrests were made at the time but the state could not produce the necessary evidence to hold any of the men at the time.

"THE GIRLS OF THE GAY WHITE WAY."

"The Girls of the Gay White Way with Harry 'Dutch' Ward, Sam Heurn and Helen N. Wiley, which was admittedly the biggest success on the Columbia circuit last season, will be seen in Boston the week of December 8th at the Gaiety theatre. It is reported that the Gordon Notch Amusement Company who are the proprietors of this aggregation, and who have gained a widespread reputation for the excellence of their productions, have this year overstepped all their previous endeavors, and have a show, which when once seen will not be soon forgotten. The company consists of 50 people, forty of whom form their looking chorus of any show on tour, besides the following well known principals in addition to the stars: Dan Healey, Ed. Jerome, Billy Evans, Harriet Raymond and Estelle Barry. Gordon and North are reported to have spent a small fortune this year, in the embellishment of the "Girls of the Gay White Way" and to have supplied costumes, scenery and an electrical equipment which must be seen with one's own eyes in order to be fully appreciated.

MANY WILL BE MADE HAPPY

All Payments on Account of 1913 Christmas Savings Club Must be Made this Week

The Christmas Savings Club for 1913 of the Portsmouth Trust and Guarantee Co., will close on Saturday, December 6th, and no payments on this year's series will be received after that date.

Checks for over \$30,000 will be mailed to members on December 10th. A new series for 1914 will be started on December 20th.

ARRESTED AGAIN FOR ROBBERY

Harrington Sentenced From This City Must Stand Another Trial for Vermont Job.

James Harrington, alias Sullivan, who was sentenced by the United States Court in this city a year ago to the federal prison at Atlanta for a Vermont post office robbery, was again placed under arrest as he stepped from the Atlanta prison, and brought to Concord by United States Marshal Thompson of Georgia for another case. Harrington is under indictment in the United States court at Concord on a charge of breaking and entering the postoffice in Bath on May 23, 1909. He was a member of the gang of yeggs operating in this state and in Vermont about that time, and was arrested by federal officers in Vermont before he could be rounded up in his jurisdiction.

On his arrival Marshal Thompson turned Harrington over to United States Marshal Eugene P. Nute, who committed the prisoner to the Merrimack county jail to await trial.

Mrs. J. Howard Chover was chairman of arrangements and was ably assisted in the kitchen by the following: Mrs. Jennings, Mrs. Knight, Mrs. Frank Brown, Mrs. Shedd, Mrs. Vernon, Mrs. Annie Watkins, Mrs. Nichols, Mrs. Plafsted, Mrs. Thompson.

In the serving room were Mrs. Parmenter, Mrs. Smith, Mrs. Aubertson, Mrs. Taylor, Mrs. Grant, Mrs. W. M. Bridle, Mrs. John Bridle.

The waitresses in the dining room were Mrs. Inez McIntire, head waitress; Miss Carrie Healey, Mrs. Harvey Bostwick, Mrs. J. T. Davis, Miss Miriam Schurman, Mrs. Deyes, Mrs. Irving Davis, Mrs. Hilton, Mrs. Crossley, Mrs. Mattie Horner, Mrs. Howard Oxford, Mrs. Oxford, Mrs. R. Bridle, Mrs. Marshall, Miss Bertha Grant and Miss Hattie Oxford.

The Herald Hears

That nobody appears to be digging the foundation for the new armory.

That the horse race at Dover caused some surprises for Portsmouth horsemen on Monday.

That it looks like some summer colony at Dover Point if the present plans develop.

That the pointers are not at the wailing rooms in the depot.

That the crosswalks on Deer street kept people on the jump for the past two days.

That it is a disgrace to any city to allow such a condition as exists on the city crosswalks the year around.

That the association of navy yard workmen should lose no time.

That too much time has been wasted now on expectations.

That the Ginet Club will reorganize on Thursday night.

That the new steam heating system for the Knights of Columbus Home has been completed.

That the P. A. C. coming minstrel promises to be the best performance in the history of the club.

That this is the opinion of the club members.

That if the Boston & Maine gets an increase in freight rates we may get a new depot in this city.

That the increase may also mean a that the road to the hospital and the surroundings of the same should be better lighted.

Save this date, Dec. 26.

DRYDEN DEFEATS EDELMYER IN STRAIGHT FALLS

But Dryden defeated Bob Edelmyer of New York, in a good contest at Freeman's hall on Monday evening.

Edelmyer has the reputation of being a very clever man at his weight, but he was no match for Dryden, who while he had nearly an hour's hard work to get the first fall, never was in any great danger himself. Edelmyer is a lanky built fellow but there was but a few pounds difference in their weight. He is not a very heavily built wrestler but all muscles and bones and as slippery a man in a hold, as has ever been seen here, while not possessed of the strength of Dryden he made up for it in speed and ability to slip out of hard places. He has some good foot work and was a willing wrestler all of the time, never being afraid to mix it up and he was always aggressive.

Dryden did not resort to the low hold at any time, although Edelmyer sought to get it several times, but with poor success. Edelmyer was able to get away from about any of the body holds, and twice worked himself out of head scissor. He at one time had Dryden where he looked good for a fall, but his hold was such that his arm was under Edelmyer's shoulder and Dryden was contented to rest there for a few seconds.

Dryden got his first fall after 15 minutes, 10 seconds, with an inside crutch and arm bar.

The second fall came in 25 minutes with an arm bar and body scissors.

Dryden announced his next bout for Monday, Dec. 8 when he will wrestle Charlie Mitchell, a middle weight and Cyclone Burns will meet John Brubaker a heavy weight from Hartford, Conn.

America's Champion Wrestler, Who Will Meet Russian Challenger

FRANK GOTCH—
PHOTO BY AMERICAN PRESS ASSOCIATION.

The wrestling world is all aflutter over the report that Frank Gotch, the world's champion heavyweight wrestler, will return to the mat to meet at catch-as-catch-can style Ivan Manoff, the Russian bear cat, who knows

We will be hearing Mexico City within a month.

Five hundred dollars worth of provisions and clothing and 100,000 from the Banco de Mexico were confiscated by Juarez by Villa to support the rebels. The property was taken through the refusal of merchants to accept paper money issued by the rebels. The storekeepers most of them Spanish, appealed to United States Consul Edwards and the latter closed their shops and handed over the keys to the consul.

Consul Edwards later returned the keys to the owners, saying he could not guarantee the safety of the property. Meanwhile the places were forced open and the goods and money taken. It is said the properties were insured in an English company against looting.

KITTERY POINT

BREAKS A BAD COLD IN A JIFFY! TRY IT

"Pape's Cold Compound" Ends Cold and Grippe in Few Hours—
Don't Stay Stuffed Up.

You can end grippe and break up a severe cold either in the head, chest, body of limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly opens up clogged-up nostrils and clear passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as Pape's Cold Compound, which costs only 25c at any drug store. It acts without assistance, tastes nice, and causes no inconvenience, be sure you get the genuine.

REFUSES TO PLAY IN THIS CITY

(Continued from Page 1.)

selecting the officials. In the previous game Portsmouth selected the officials and Dover did not murmur in spite of the penalizing which at times bordered on the "daylight robbery" caliber.

The Dover team tried repeatedly to arrange for the playing of the postponed game in Portsmouth but could not make any arrangements with the latter and again they used the wire-trying to arrange a game for Thanksgiving Day but were unsuccessful, so if Portsmouth is not "kidding" they can be accommodated at any time by the strong Dover team which assures them in advance that the result will but add to the detrimental column of the team's record for the season.

Those who have followed the football games between the teams representing the two teams in years past, have a few recollections of the "Dirty Dozen" tactics employed by some of Doverites and their supporters, and in their refusal to play a game in this city, it looks as though these "foul young warriors" from the river city were trying to crawl out of a very small hole.

HUERTA ONCE MORE BACK ON THE JOB

Mexico City, Dec. 1.—Provisional President Huerta, whose disappearance from the Federal capital, gave rise to many rumors today, including one that he had gone to Vera Cruz, traveling secretly over the Inter-oceanic Railroad returned this afternoon. He had been paying a visit to a farm in the vicinity.

Rear Admiral Sir Christopher Cradock, commander of the British cruisers now in Mexican waters, who arrived in the Federal Capital last night, expects to return to Vera Cruz tomorrow. He said today it was unlikely he would be able to meet Provisional President Huerta owing to the brevity of his stay. The admiral, his secretary, and his flag lieutenant were the guests today of Sir Lionel Carden, the British Minister.

TO ATTACK NUEVO LAREDO

Column of 1000 Constitutionalists Recently Left Matamoros, According to Rumor.

Brownsville, Tex., Dec. 1.—Constitutionalists will soon lay siege to Nuevo Laredo, Mex., opposite Laredo, Tex., according to well-informed rumors current around Constitutional head quarters in Matamoros.

Gen. Pablo Gonzalez, commander of the troops which recently captured Victoria, is in Matamoros for a conference with Gen. Jesus Carranza, and it is reported that a column of 1000 Constitutionalists which recently left Matamoros is advancing along the border toward Nuevo Laredo.

ABOUT TO RETAKE TORREON

Federal Gen. Velasco Reported to Have Encountered Little Opposition in Advance on City.

Mexico City, Dec. 1.—The city of Torreon, which has long been in the hands of the Rebels, is about to be retaken by a column of Federal troops commanded by Gen. Jose Nefugio Velasco, according to dispatches received today by the War Department.

The Federal troops are said to have encountered but little opposition in their advance on the city and are reported to be now within a few miles of the place.

The military authorities say the re-

occupation of Torreon will be a great blow to the revolution, as the city is the key to operations in four states. It is on the border of the states of Coahuila.

Gen. Velasco has been instructed to move at once upon the city of Torreon, after taking possession of Torreon.

FINANCIAL BLOCKADE

Washington, Dec. 1.—President Wilson observed to callers today that the Mexican factions seemed to be running things in a very interesting way at present, and that no development is contemplated, so far as the United States is concerned. His visitors believed he had in mind the increasing number of Constitutional victories and the rapidly diminishing zone of control of the Huerta Government.

William Bayard Hale, who talked with Gen. Carranza and other Constitutional chiefs at Nogales, returned here early today and will see the President late today or tomorrow.

Officially nothing was known at the White House concerning the visit of the Mexican Minister, to Vera Cruz. He has not conferred with John Lind, according to information here today.

The policy of the American Government continues to be one of waiting, while the financial blockade weakens the resources of the Huerta regime and their vigorous campaign.

Rear Admiral Fletcher reported today he had received further assurance from the Constitutional general Aguilar, that none of his forces would interfere with the oil wells around Tampico and Tuxpan.

William Bayard Hale conferred with Sec. Bryan as a preliminary to his conferences with President Wilson.

WEEK OF BAD WEATHER

East is in for More of the Rain or Snow Variety, Declares the National Bureau.

Washington, Dec. 1.—Another week of bad weather is ahead for the eastern part of the country, according to the Weather Bureau.

The eastward movement of a dis-

turbance now over the lower Arkansas Valley, the weekly bulletin says, will result in a continuance of the unsettled rainy weather, during the early days of the week over the eastern half of the country, with possibly some snow over the extreme northern districts.

Generally fair weather will follow for a day or so after, but the eastward movement of another marked disturbance now over Arizona will probably be attended by rains and snows over the northern districts from the Rocky Mountains eastward, beginning Monday morning along the eastern slope of the mountains and reaching the east Thursday or Friday.

This disturbance will be followed by fair and colder weather that will reach the eastern states by the end of the week. However, temperatures will not be unusually low.

IF CONSTIPATED OR BILIOUS "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, indigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness from within. Don't forget the children.

TO WASH AWAY HILL TO PREVENT SLIDES

Washington, Dec. 1.—To prevent future earth slides into Culebra Cut at Cuernavaca, on the Panama Canal, the engineers are preparing to remove an entire hillside at that point. Dredges already are at work on this project, according to information reaching the 15th day Canal Commission here.

Removal of the hillside was made necessary by the extremely plastic nature of the earth, which caused the dirt to slide into the cut almost as fast as it was taken out by the dredges.

The dredges have advanced a channel 50 to 100 feet wide, and about 20 feet deep, from the northern end, and about 600 feet southward and almost to the point of greatest obstruction. Other dredges are working through the slide from the south, and have reached a point within 450 feet of the dredges coming from the north.

At the same time the sliding hill is being attacked from the rear by "monitors," directing jets of water at 150 pounds pressure to the square inch. It is planned to wash away 1,500,000 cubic yards of material, in this manner, into a deep valley near there.

NOTICE.

Madame Butterfly will be the third and last in the series of opera talks by Maryah Hubbard of Boston Opera Company, assisted by Mr. Floyd M. Dexter, pianist at Association hall, Wednesday evening, Dec. 3, at 8 o'clock. Single tickets, 50 cents.

Save this date, Dec. 26.

CONGRESS GOES FROM EXTRA TO NEW SESSION

Washington, Dec. 1.—Congress today settled down to the second stage of what promises to be the longest continuous session in its history. The regular December session, following without a break upon the heels of the long extra session that has run since April 7, brought the tired lawmakers today new problems and the prospect of steady work for many months.

There was little formality about the ushering in of the new congress at noon. Its advent was signified by the fall of the gavel in each house, with the announcement of the presiding officer that the second session of the 63d congress had begun.

A widespread demand for tickets for the house gallery for tomorrow's session indicated the interest that centers about the president's reappearance at the capital to deliver a presidential address. The president will read his first general message to a congress at a joint session of the two houses at 1 o'clock tomorrow and it is expected that he will touch on many of the problems to be taken up at the new session. The senate practically merged the old session into the new one by meeting at 10 o'clock today to wind up the work of the dying session.

Vice President Marshall, who had been absent for several weeks, was in his place again as presiding officer. Democratic leaders were prepared to push the currency bill forward as the chief business and to hold the senate in daily sessions from 10 o'clock in the morning until 11 o'clock at night, until it is disposed of.

While the senate is working on currency legislation and disposing of the Hatch Hatch water supply bill during the early days of the new session, the house will start work upon the great appropriation bills, carrying more than \$1,000,000,000 of funds for the needs of the government during the year that begins next July.

The annual estimates made by the treasury department were presented to the house when it assembled at noon. Preliminary work by the appropriations committee has brought several of the supply bills near completion, and an effort will be made to pass the \$13,000,000 District of Columbia bill and the fortifications appropriation bill before Christmas.

Democratic members of the senate worked all day yesterday to complete their agreement on the currency bill, so that the measure might be pushed for immediate consideration today. Senate leaders hope that by holding the senate to long hours the bill may be passed in time to permit a short recess at the holidays. If it has not been acted upon, the senate will forego all vacation except on Christmas day.

When the senate met Democratic leaders had agreed that the currency subject would not be taken up before noon.

The extra session terminated in the senate with the introduction of a few bills and resolutions and an executive session to confirm some of President Wilson's nominations.

SMOKING AN OUTLAW OUT OF A MINE

Bingham, Utah, Dec. 1.—Smugglers were lighted early today in the Utah-Alex mine, where Ralph Lopez, desperado, is making his last stand.

With all exits to the mine except that of the Andy Tunnel bricked and sealed with mud and with poisonous gases floating back into the depths of the workings, it was expected that the fugitive would make a break for liberty today.

A large amount of dynamite is stored in the mine, and knowing Lopez could easily blow out one of the bulkheads, the seven sheriffs early today stationed a dozen deputies at each of the 15 tunnel mouths with orders to shoot him on sight.

The 10,000 inhabitants of this canyon-walled mining town, deep in drifts of snow, were waiting in tense excitement for word of the death of the man hunt that already has cost six lives.

On Nov. 21 Lopez killed a Mexican miner and later in the day he killed the chief of police and two deputies who pursued him. After a chase through several counties he broke through to Bingham and took refuge in the Utah-Alex mine where he killed two more deputies last Saturday.

A more dramatic setting for the ending of the career of Lopez could hardly be found. The mine is located near the top of a precipitous wall of the canyon, and from any of its 15 tunnel mouths one could throw a stone that would descend for nearly 1000 feet before it struck.

Here and there a miner's cabin clings to the cliff, and from one of these a widow sat watching today for the avenging of her husband's death.

Just before noon the mouth of the Andy tunnel was stopped with a bulk head and the fumes of a sulphur smudge were directed into the mine through an opening. Bulkheads were placed in the other mine mouths yesterday and at noon smudges of various compositions were senting their poisonous fumes back into every tunnel. If Lopez did not attempt to break out it was planned to continue the smudging for two days.

The exits of the mine are at different levels, and although there is no record it is estimated the tunnels, inclines and hill slopes criss-cross for a total distance of 30 miles. The seven sheriffs in charge have more than 200 deputies under them. Practically all of these have been in pursuit of Lopez since Nov. 21.

Lopez took refuge in the mine Friday night with a limited supply of food. He was formerly one of the foremen of the mine, which produces gold, silver and copper, and is famous for every mining town.

Mike Granovich, who shot and seriously wounded his wife several days ago, may also have hidden in the mine it was thought. The deputies were instructed to allow him to surrender if he came out alone. Lopez was to be shot on sight.

FLEET ON WAY HOME GREATLY PLEASED WITH TRIP

Villefranche, France, Dec. 1.—Rear Admiral Charles J. Badger, U. S. N., before sailing yesterday on board the flagship Wyoming on the return voyage to the United States of the Amer-

ican squadron, which has been distributed among the various ports of the Mediterranean for several weeks, said: "This cruise of a portion of the Atlantic fleet of the United States Navy

to Mediterranean ports has been a most pleasant and successful one. Everywhere the greatest cordiality and courtesy were shown to the officers and men by the authorities and residents of the ports visited.

"The object of the cruise was to afford an opportunity to the officers and enlisted men to see foreign countries and to broaden their experience. This opportunity has been fully utilized, and the officers and men of the American fleet carry home with them the highest appreciation of the kindnesses they have received everywhere."

SHIPS LEAVE MARSEILLES.

Battleships Vermont and Ohio, Collier Jason and Supply Ship Celtic, Going to Gibraltar. Marseilles, France, Dec. 1.—The United States battleships Vermont and Ohio, with the fuel ship Jason and the supply ship Celtic, sailed from this port today, after exchanging salutes with the French batteries.

They will proceed to the vicinity of Gibraltar where they will join the remainder of the American squadron which has been visiting European ports.

RUSSELL'S DEATH DUE TO NATURAL CAUSES

Melrose, Dec. 1.—The first fruit of the autopsy on the body of William T. Russell today showed that death was due to natural causes.

According to Medical Examiner Peck, every one of the organs, except the brain, was diseased. It was a wonder he said, that Mr. Russell had not died 10 years ago.

All of the organs were sent to the Harvard Medical School for microscopic examination and analysis.

The autopsy was performed this noon at the Russell residence in Russell park, by Medical Examiner George D. Peck and Dr. Henry L. Houghton of Boston.

Dist. Atty. John J. Higgins of Middlesex County was present, and it was at his order that the autopsy was held. Accompanying Mr. Higgins was his stenographer, Dr. Houghton who assisted the medical examiner, acted in place of Dr. John Dike of this city, who attended Mr. Russell at the time of his death and who is confined to his home today with a heavy cold.

ELIOT

Rev. E. T. Eliot, formerly pastor of the Congregational church here, now of Epping, will lecture Wednesday evening at the Congregational church in Eliot. Subject: "Mark Twain."

The annual sale of the Advent Ladies Circle will be held Wednesday afternoon, at the home of Mrs. R. A. Spiller.

POSITIVE PROOF

Should Convince the Greatest Skeptic in Portsmouth

Because it's evidence of a Portsmouth citizen. Testimony easily investigated. The strongest endorsement of merit.

The best proof. Read it: George B. Chandler, 420 Pleasant St., Portsmouth, N. H., says: "I do a great deal of walking in my work and in this way my kidneys became weakened, causing me much suffering. About three years ago I learned of Doan's Kidney Pills and began using them. They cured me and I have had little trouble since. Sometimes when I overwork or do any heavy lifting, I notice lameness in my back but on such occasions, a few doses of Doan's Kidney Pills bring relief. I have recommended this excellent remedy to many of my friends and in every instance where it has been tried, benefit has followed. Doan's Kidney Pills can be procured at Phillips' Drug Store and should be given a thorough trial by every kidney sufferer."

For sale by all dealers. Price 50 cents. Posters-Milburn Co., Buffalo, New York sole agents for the United States.

Remember, the name—Doan's—and take no other, truly cured me."

WARWICK CLUB ENTERTAIN ITS SUBURBAN MEMBERS

The Warwick Club on Monday evening entertained their suburban members with a supper at the club. There was a large attendance of members from York, Eliot, Kittery, Greenfield and Newcastle, with the local members.

Chief Kelley served beefsteak and bread with onions, griddled sweet potatoes, coffee etc. At the conclusion the new Portsmouth-made cigars 7-7-07, were passed around and greatly enjoyed.

"GETS-IT," Nothing Like it for Corns

Easy as One, Two, Three; No Fuss No Pain, by Using "GETS-IT."

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up vanishes. That's

See How Quick "GETS-IT" Will move that Corn and Stop the Corn-Pain!

the surprise you get by using this new corn cure. There's nothing to stick to the stocking or sock; you corn pains stop. You're saved the bother of applying plasters that make the corn huge out from the corn. You're saved sulver—that eat into the healthy flesh and "pull"; no more fussing with bandages. You don't have to help by picking and dragging out your corns, or cutting with knives or razors. "GETS-IT" is safe, painless, effective, never hurts healthy flesh. It's guaranteed. Try it on warts, callus and bunions, too.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent direct to E. Lawrence & Co., Chicago.

THE STATE OF NEW HAMPSHIRE

Rockingham, ss. Superior Court. October Term, 1913.

In the Action, the North Shore Real Estate Company, a corporation of Portsmouth, in said County, Plaintiff, against Susan E. Carlson of Newbury, Rhode Island, Defendant, and American Central Insurance Company, Trustee.

In a plea of the case upon the coming of the court, called, and also for that said defendant, at said Portsmouth, on the 24th day of April, 1909, by a promissory note of that date, by her signed, promised the plaintiff to pay to it, on demand, after said date, the sum of one hundred and eighty-nine dollars. To the damage of the plaintiff, as it says, the sum of three hundred and thirty dollars.

It having been suggested to the court that the property of the defendant in the writ, that no personal service has been made on her in this suit, she not being a resident of this State at the time of the service thereof.

It is ordered by the court that the writ be continued to the next term, to be held at Exeter, with and for said County of Rockingham, on the third Tuesday of January, next, and that the plaintiff do cause the substance of said declaration, with a copy of this order, to be published three weeks successively in the Portsmouth Herald, a newspaper printed at Portsmouth in said county, the last publication thereof to be at least thirty days before said term, in order to give notice to said defendant, or her heirs, assigns, or by causing a like copy to be given to said defendant, or her heirs, assigns, at least ten days before said term.

Attest, C. H. KNIGHT, Clerk of the Court. A true copy. C. H. KNIGHT, Clerk of the Court. E. A. Hatch, Portsmouth, N. H., for Plaintiff. E. A. Hatch, Portsmouth, N. H., for Defendant.

The Portsmouth Herald

Established September 23, 1884.

Published every evening, Sundays and holidays excepted, by The Herald Publishing Company.

Subscription—\$4.00 a year in advance, by mail; 1 cent per copy, delivered in any part of the city, or sent by mail. Communications should be addressed to F. W. Hartford, Editor.

Advertising rates reasonable and made known upon application. Entered at the Postoffice at Portsmouth, N. H., as second-class mail matter.

Portsmouth, N. H., Tuesday, December 2, 1913.

Courtesy in Business.

As might be expected at this time of year, attention is being called to the value in business of constant courtesy on the part of all those who have to do with the buying public. There are stores in New England which have built up for themselves a splendid business, not merely because they handled worthy lines of goods, for other stores do that, but because their clerks are so uniformly agreeable and pleasant to do business with, says the Newburyport News. It may happen sometimes, that a customer will not buy the articles for which she went, but if her experience with the clerks in the store has been pleasant the chances are that she will some day go back for something else and find herself exactly suited. A great many people go into a store without knowing exactly what they want. They rely on seeing something, or on being told something which shall help them come to a decision. The clerk who can deal pleasantly with such people, not only makes a sale at the moment, but, what is more important, makes a customer. It generally happens that the most agreeable clerks will sell more and with more satisfaction to the customer than the persons who are not agreeable. Courtesy is a valuable business asset. And yet, there should not fail, also, to be a recognition of the need of courtesy on the part of the customer. It would take a saint to deal with some people. Nobody has ever quite explained how it is that cultivated and pleasant people will so often forget all their manners when they go into a store. But some of them do. After a while, the clerks know the signs of the coming of such a one, and she or he, is dealt with in the way which is natural, that is, with scrupulous courtesy but with nothing more. Christmas time is a hard time in the stores. The public, which demands courtesy would do well to remember to give full measure of courtesy and forbearance in return.

The Speeding Autoists.

Most people will fail to see why a nationally owned vehicle should presume that it has a right to tear through the public streets at 30 or 40 miles an hour and appear like a juggernaut to crush out the lives of defenceless citizens who happen to be in its way. People may be in a hurry for their mail but we do not believe there is a single man, woman or child in the United States who would ask for unreasonable speed attended by the sacrifice of a human life for the sake of one letter or post card being delivered a bit earlier.—Taunton Gazette.

Will Attend Business Affairs.

When he becomes governor, Mr. Walsh purposes to cut out attendance on social affairs all over the state. He will not accept invitations to suppers and dances and that sort of thing, but will attend important gatherings like those of Chambers of Commerce or Boards of Trade where public matters are up for discussion. The governor-elect's decision is a wise one.—Lowell Courier-Citizen.

The Average Wage.

The arithmetic average, on which the common "average wage" is based, is a sort of mathematical fiction. It may mean anything or nothing, and it is often a figure unlike any wage actually paid. The typical or model wage, derived from actual wage returns, properly classified, is a fact. It is the model wage, and not the average wage, which persons seeking labor facts should know.—Boston Globe.

The placing of a memorial tribute in Memorial hall at Annapolis by the classmates of the late Ensign Charles Emerson Hovey, U. S. N., of this city, who lost his life while battling with the Moros in the Philippines, is certainly a fitting tribute to the brave young officer.

The republicans of Portland won a great victory at the municipal election held on Monday securing control of the city council by four majorities. Mayor Oakley C. Curtis, democrat, was re-elected by a plurality of nine votes out of 90,365 which were thrown.

Horse racing is certainly at fever heat in this city at the present time and the local horsemen are eagerly awaiting the opportunity for some races on the ice and snow paths.

Many favorable comments are being made in regard to Portsmouth's new depot—beg pardon, we mean freshly painted structure.

One week from today occurs the battle of the ballots in this city and all indications point to a republican victory.

The time to do your Christmas shopping is now. Don't delay it until the eleventh hour.

It is to be presumed by this time that the last of the Thanksgiving turkey has seen its finish.

KITTERY

Breezy Items From the Village Across the River.

Kittery Correspondent's telephone 778-M; P. O. Box 808.

On Monday afternoon and evening at the vestry of the Second Methodist church occurred the exhibition of old time needlework and sale of fancy articles by the members of the Ladies' Aid, and both in the afternoon and evening the patronage was large. As far as possible the whole affair was carried out according to the style and customs of the year 1820, the time of the founding of the Pilgrims. The old-time needlework exhibited included quilting, spinning, knitting and crocheting, quilts and spreads, several very ancient, were hung about the walls, one of the latter being two hundred years old; another, a quilt, contained 1700 squares, each an inch square and done by hand. The ladies exhibiting the old time needlework were:

Spinning—Mrs. Ruby Littlefield. Tatting—Mrs. Carrie Paul. Knitting—Mrs. George Trethorn. Crocheting—Mrs. Thomas Little. The various booths were in charge of the following committees:

Fancy work, decorations of red roses and ferns, the booth representing an open window—Mrs. Ida Marshall, Mrs. Hartman Moore, Misses Sude Paul and Lillian G. Moore.

Dolls—Mrs. Arthur Baker, chairman, who was unable to be present owing to illness; Mrs. George Smart, Mrs. Wynne G. Sweet and Miss Alice Clough.

Apparels, decorations of pink roses and green boughs—Mrs. Charles Jones, Mrs. Hyman Walker and Mrs. Elmer Hall.

Food and candy—Miss Eleanor Lovell and Sunday school class.

Calendar table—Mrs. Victor Hulteen and Miss Dixon.

Ice cream—Mrs. Charles Jones.

In the evening at 8 o'clock a splendid program was given, consisting of a short drama and tableaux. This was all taken from Longfellow's poem, "The Courtship of Miles Standish." The stage setting represented a room in a log cabin, the brick fireplace being very realistic and the furniture was of "olden times," one piece, a table, being about 200 years old, and the spinning wheels being very much in evidence. "The Courtship of Miles Standish" was excellently given by tableaux in the order given below:

Reading—"The Landing of the Pilgrims" by Rev. A. J. Hayes.

Song, "Invocation," and march by the Pilgrim chorus. The march was formed in the order the pilgrims attended divine worship, viz: The minister, or elder, leading; followed by three men with guns, then the ladies, two by two, and three men with guns at the end. This was done by the Pilgrim for protection from the Indians.

Hymn, No. 16, by chorus.

"The Courtship of Miles Standish"—Dance—Hedley, Miss Eleanor Lovell; Priscilla, Miss Bernice Giddens; Miles Standish, George Jones; John Alden, Edgar Baker.

Tableaux—"Priscilla at Her Spinning Wheel," sung by Miss Ethel Gerry.

"Priscilla as Lady Mountfol," Mary Sterling and Marion Miliken; "The Will Be Done," sung by Mrs. A. J. Hayes and Miss Lovell.

"Why don't you speak for yourself, John?"—Mr. Edgar Baker and Miss Overly Gerry, and sung by Miss Gerry.

"The Wedding of Priscilla and John Alden," with Miss Helen Bowden and Ralph Sterling as Priscilla and John; Carol Sterling, the elder, and others as attendants.

"Meditation," Miss Alice Clough. The Lord's Prayer was chanted by Mrs. Hayes and Miss Lovell.

Among other exhibits were a pair of glass candlesticks 150 years old, some old tin hand made lace of very fine quality, and a sampler made before the Revolutionary war, all in as good condition as they were when made.

The ladies attending the booths, exhibiting the needlework and assisting otherwise were costumes of the period of 1820, viz: Gray or black dresses with large white collars, white caps, cuffs and aprons.

Mrs. Martha Rounds, president, and Mrs. Edgar Baker, chairman, assisted by the following committees, were in general charge: Mrs. Allison J. Hayes, Mrs. Frank Robbins, Mrs. Edwin Paul, and Messrs. Hayes, Jones, Baker and Hulteen. Much praise is due to this committee and the sub-committees for their efforts which resulted in such a successful affair both financially and socially, and a goodly sum was realized which will be used toward furnishing the improvements now being made in the vestry.

The committee extend thanks to the members of the church and outside friends who loaned quilts, and other articles, for the exhibition.

Miss Adeline Hatch returned to her duties at Harrison, Me., on Sunday, after passing the Thanksgiving recess with her mother, Mrs. Martha Rounds, of Rogers road.

Miss Leone Mills of the Intervale has taken a position in French's store for the holidays.

Master John Stanley, son of Mr. and Mrs. Robert Stanley of Dame street, fell while at play on Monday afternoon, striking his forehead on the stone steps in the yard, and cut a deep gash. Dr. Luce of Portsmouth was called, and it was necessary to take one stitch in the cut.

Mrs. Frank Robbins of Rogers road

CURRENT OPINION

EDUCATION FOR WARSHIP CREWS

Again the secretary of the navy approves a step taken with the view of making of the sailor a good citizen. This newspaper has heretofore found pleasure in commending the work of the navy department in developing education aboard warships. Great advance has been made already in this particular, and, both as regards general schooling and manual training for the thousands of young men in the service, still greater advance promises to be made in the near future. Technical education, calculated to fit the men, on discharge, for positions demanding a high order of knowledge and skill, is certain to be added to the course on board all of the great battleships before long.

It is only in recent years that the attention of governments has been turned seriously to the question of graduating from their navy useful rather than comparatively useless men. On board they had been taught generally little more than the craft in which they had enlisted. Skill achieved in won for them promotion within narrow limitations, but it in no wise equipped them for reentrance upon the world, and the discharged sailor in the past years has had to be content with whatever lowly calling might first present itself. It is the idea now, in the United States and in other countries, to give him a good elementary education at the least, to teach him a trade, and when the time for his discharge shall arrive, to launch him upon the world with an equipment in knowledge and skill that will enable him to hold his own in ordinary competition. As we have intimated, even much better than this is hoped for, and we think with reason.

A pleasing indication of present tendencies in this respect is to be found in the action of the secretary of the navy referred to at the beginning. He has approved the proposal to furnish the crew of the New York, now under construction at the Brooklyn navy yard, with a reception and reading room accessible to visitors. These rooms are to be fitted up partly for the accommodation of the crew's library, and the very fact that the crew has a library shows how great the gain already made. Perhaps a small matter in itself, this solicitude for the comfort and welfare of a body of young men waiting for their ship; but when it is recalled how little solicitude was expressed or manifested for the sailor in port in the past, the meaning of the change, we believe, will force itself into full recognition. A responsibility that always existed has only recently been assumed by the people, through their representative, the government. The latter at length recognizes the fact that unless it can return to society the thousands of young men it attracts to its military and naval service prepared to take on and to perform the duties of good citizenship, it is doing them and the country a great wrong. To have arrived at this point is to have traveled very far in the right direction.—Christian Science Monitor.

is restricted to the house by illness.

Mrs. Jones is ill at the home of her son, Mr. Charles Jones of Kittery Depot.

A modest entertainment will be given at the North Kittery Methodist church tomorrow evening by Portsmouth talent for the benefit of the electric light fund.

Constitution Lodge, No. 88, Knights of Pythias, meets this evening at Odd Fellows' hall.

Mrs. Isaac Lambert and daughter, Miss Eva, of Commercial street, returned Monday night from a few days' visit in Boston.

Mrs. Percy Putnam and daughter, Miss Eva, of York, were visitors in town on Monday.

The Ladies' Aid will meet Thursday evening with Mrs. Victor Hulteen of Olds avenue.

E. G. Parker Post, G. A. R., holds its regular monthly meeting on Thursday evening at Odd Fellows' hall.

The regular prayer meeting will be omitted at the Second Christian church tonight to allow those wishing to attend the United Methodist meeting at the Methodist church, Portsmouth. Rev. Mr. Bakeman of China will speak tonight.

SPECIAL NOTICE TO TAXPAYERS OF KITTERY.

Under the provision of the law, it will be necessary for men to advertise real estate on which the taxes of 1913 are unpaid on or before Dec. 14, 1913. STEPHEN E. HOBBS, Collector.

PORTSMOUTH THEATRE PROGRAMME

For Monday and Tuesday

The Fatal Shot—Kalem Drama.

In a devilish attempt to bring about the death of the man he hates, he prepares a death trap, but he falls a victim to his own terrible device.

NOTE:—This reel is 1300 feet and cannot be called a two reel subject. A little less than a reel and a half.

Perry's Boquet—Edison Comedy.

A terrible warning to a jealous husband. He sees a surprise letter and thinks someone is flirting with his wife.

ACT—Ashton & Munson—Singing and Dancing.

Path's Weekly—

A fine illustrated "magazine" with the pages turned for you while you are comfortably seated in this theatre.

ACT—James Hearn & Company in a Sketch.

Thieves—Vitagraph Drama.

Her kindness wins the gratitude of a poor unfortunate who afterwards befriends her most unexpectedly. Mr. George Holt is featured.

Alkali Ike's Auto—Edison Comedy. Alkali Ike and Mustang Pete make love to the same girl. Pete gets a buggy, but Alkali goes him one better by getting an automobile. The ride in the car is the funniest piece of film work yet. Don't Miss It.

Matinee 2.15. Evening 7.00. Saturday Evening 6.45.

THE MOVIES

Why travel abroad at enormous expense

Through the capitals gay and the jungles so dense?

You can see the whole thing for the sum of five cents

In the movies.

You can travel to France and to Italy

fair.

You can gaze upon kings and upon beauties rare

And never get out of your easy chair in the movies.

You can take all your sisters and cousins and aunts.

You can take all your children and give them a chance.

To see all the wonders of earth at a glance.

In the movies.

With no train fare to pay, and no porter to tip,

No wrecks and no clinders, no trunks and no grip,

There is plenty of class to a faraway trip

In the movies.

—Exchange.

REMEMBERED ON THANKSGIVING

Friends of the Portsmouth hospital remembered that worthy institution on Thanksgiving and the holiday good cheer prevailed among both inmates and attendants. The donations were as follows:

Sum of \$20, Mr. Woodbury B. Langdon; basket of fruit, Mrs. William Pierce; barrel of flour, Mr. Henry Payne; four turkeys, White & Hodgson; 2 gallons ice cream, Mr. Baldwin A. Hinch; basket of nuts, Mrs. John C. McMonough; cake, Mrs. Gustave Payer.

OBSEQUIES

Abby W. Moses.

The funeral of Abby Woodman Moses was held from her late home in Newington today at 1 o'clock. Interment was in Newington cemetery under the direction of Undertaker O. W. Hunt.

Read the Want Ads.

WORTH KNOWING.

Undoubtedly the fastest speed on the earth was made by Burnan in an automobile at Daytona, Fla., April 23, 1911, when he went a mile in 25.4 seconds. Ninety miles an hour has been approached by several in both automobiles and motorcycles. Aviators have exceeded 100 miles an hour. But such speed is insignificant when we consider that we are all traveling at the rate of 1,000 miles and more an hour by the daily revolution of the earth, and that, too, is insignificant when we consider that the earth is traveling through space at the rate of 375,000,000 miles a year, or nearly 42,000 miles an hour.

What are the birthstones represented by each month?

See this space tomorrow.

EFFICIENCY OF SCHOOL SYSTEMS AS MEASURED BY PROPORTION OF PUPILS IN HIGHER INSTITUTIONS.

It is difficult and probably impossible to obtain any expression in mathematical form which will exactly measure the efficiency of so intangible a process as that of education. Perhaps the best measure of the efficiency of a local school system is the proportion of pupils which it succeeds in retaining through the whole course of public education. That is to say, the ratio of pupils attending high school is a good measure of the educational efficiency of a public school system, other things being equal.

Of course, other things not always are equal, for the proportion of pupils going to high school will depend upon such factors as the character of population, the general distribution of wealth, opportunities for employment in the industries, popular appreciation of the advantages of education, and probably other factors not directly related to the efficiency of the public school system itself. However, certainly one of the most important factors in determining the number of pupils who go to high school or to other higher institutions is the educational efficiency of the elementary schools and the high school and the attractiveness of the courses of study in the latter. That is to say, the best single test of efficiency which we have is the ability of the teacher and of the system to inspire the pupil with such a love for learning that he wants more of it. It is commonly believed that the chief reason for dropping out of school is economic pressure. As a matter of fact, nearly all investigations of the reasons why children drop out of school show that less than one-third drop out because they have to go to work, and more than two-thirds drop out because the schools fail to appeal to their needs.

The following list of towns and cities maintaining high schools or equivalent institutions gives probably a very close approximation to the relative efficiency of the several school systems, although not necessarily an exact measure. In some places, the reason why the percentage is high is probably due rather to general local conditions than to any special efficiency of the schools. But in general, as stated above, the list gives a very fair picture.

The figures are based upon the last published returns of this Department. The examination of the most recent returns show that the relative positions of the different communities are not much, if any, changed.

All these school districts are reduced to the same basis, that is, to the twelve grade system with eight grades below the high school and four grades in the high school. In cases where special conditions exist of a temporary nature, these special conditions have been eliminated in the comparison.

If every child went to high school and completed high school and no children died or were removed from school by disability, then there would be 66.3 per cent in the elementary schools and 33.3 per cent in the high schools. Hence, if a school system shows 30 per cent of its enrollment in high school, then it is doing 91 per cent as good work as it possibly could do as measured by the proportion of children it succeeds in retaining. On this basis, the school districts rate in the following order, the figures given representing the efficiency of the school systems on a scale of 100, 100 being the situation when all children who enter the first grade remain in school until graduate from the high school.

It should be observed that in many of the above cases the schools are on the way to a better standing and in other places no doubt are on the way to a lower standing. When a school system begins to improve, it may take as long as twelve years to reach the crest of the wave, and conversely, a school system which is deteriorating may take that long or even longer to become so poor that the general public begins to notice.

Is the school system of your town or city on the upgrade or is it on the downgrade?

HENRY C. MORRISON,
State Superintendent.

CHRISTMAS SALE.

HARRY B. YEATON NOMINATED FOR MAYOR

Republicans in a Big Caucus Have Contest for Head of Ticket--Nomi- nate a Very Strong Ticket and Ex- pect It to Win.

The Republican caucus for the nomination of mayor, four councilmen at large, one member of the Board of Public Works, one assessor of taxes and five members of the Board of Instruction, one an unexpired term, was held on Monday afternoon and evening at the County Court house.

It was a very large caucus with a contest on for mayor, with four candidates in the field, and there was a general hustling to get the voters out, on the part of the Republican committee who endorsed Harry B. Yeaton.

The caucus was held from 5 to 3 o'clock and the check list was made. Chairman Gupill was moderator with Frank Newick as secretary, the checkers were ward one, Geo. H. Henderson; ward two, Geo. A. Murray; ward three, Frank Newick; ward four, Charles Andrews and ward five, Elmer K. Clark.

The polls were closed at eight o'clock and the following were the returns: Dr. P. S. Towle, Harry B. Yeaton, John G. Sweetser and Harry P. Fry.

Chairman Gupill announced the following result:

For Mayor:

Whole number votes cast 32.
Harry B. Yeaton had 294
Fernando W. Hartford had 73
John Pender had 65
Paul Perry Lawrence had 9
Mr. Yeaton was declared elected.

Mr. Hartford appeared before the caucus and in a stirring speech made the nomination questionable. Mr. Hartford said: Mr. Chairman, I move that we make the nomination of Mr. H. B. Yeaton unanimous. I hope that every man in the party will go out of this caucus to make his election over.

Chairman Gupill appointed the following committee: Ward two, R. D. McDougall; ward one, Charles E. Hodgdon; ward three, John Newick; ward four, Robert W. Phinney; ward five, Herman A. Clark; and to notify Mr. Yeaton of his nomination and to bring him before the caucus. They returned in a few minutes and Mr. Yeaton was greeted with applause.

He said in accepting the nomination: "I thank you for the honor you have conferred on me this evening. This was a time when the office sought the man. I have made no promises and I have no radical reforms to advocate. I will, however, seek to conduct the business of the office of mayor, as I would my own business. I thank you."

On motion of Mr. Hartford the city committee were authorized to fill all vacancies that may exist.

The following was the full ticket nominated:

Mayor Harry B. Yeaton.
Councilmen at Large: Harold H. Bennett, William E. Dowdell, Charles P. Duncan, Herbert M. Tilton.
Member of Board of Public Works: John H. Sugden.

Chas. W. Greene
No 8 Congress St.

Announcement of Taxes—Eben H. Blackwell.
Members of Board of Instruction: Charles E. Hodgdon, George W. McDougall, Chas. E. Page, Mary L. Wood.
Vacancy on Board—Mrs. A. Newick.
Ward Councilmen.
The Republican ward caucuses were held on Monday evening at the various wards and the following strong candidates were nominated:
Ward one—Robert M. Herick.
Ward two—James A. Bothwick.
Ward three—James W. Schurman.
Ward four—John H. Downe.
Ward five—J. Verne Woods.

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp

Within ten minutes after an application of Danderrine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair—fine and downy at first—yet really new hair—growing all over the scalp.

A little danderrine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and gray, just moisten a cloth with Danderrine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance.

Get a 25c bottle of Knowlton's Danderrine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you surely can have beautiful hair and lots of it if you will just try a little Danderrine.

AIDS AMERICAN SHIPPING

Senator Weeks Offers Resolution Relating to Transportation for Account of the Government.

Washington, Dec. 1.—Senator Weeks this morning put into the Senate a joint resolution, the effect of which, if passed, would be to give to American owned ships the entire business of carrying men, material, stores and equipment for use in the construction of the Panama Canal. This resolution would not interfere with the carrying of the objects named in the Government-owned ships plying between the United States and the Canal Zone. The text of the resolution is as follows:

"That hereafter the transportation by sea of material, stores and equipment for the use of the army or navy of the United States or of the forces of the United States, of the material, stores and equipment from the United States for use in the construction of the Panama Canal and of all material and equipment for use on construction or maintenance of fortifications, harbors, navy yards, naval stations, or other works for account of the United States shall be restricted to vessels of the United States and no others, and such transportation, when this shall permit, shall be furnished by contract, after proper advertisement by the lowest bidder.

LEWIS GUN TO "REVOLUTIONIZE" WAR.

"That the general adoption of the Lewis automatic machine gun would revolutionize warfare, mending the present-day rifles and Maxim to the junk heap and rendering current military tactics antiquated at one stroke is the opinion of a high army officer who was present at the trials this week at Husey of a new gun invented by Colonel L. N. Lewis, formerly of the United States. The army officer drew a vivid picture of the war of the future, if that one desire of all war offices—a portable automatic machine gun, not dependent on water for cooling—should prove no mere toy, but able to stand up under actual service conditions. Squads of cavalry going into action armed with machine guns instead of the lance, sabre, or rifle; fragments of infantry carrying machine guns, each soldier having a potential deadliness of two or more companies armed with mere rifles; hordes of swift, light-armed aeroplanes, each mounting one or two machine guns, sweeping down on the enemy, with a deadly hail of fire, were some of the military novelties that he prophesied for the not distant future. If the new Lewis gun, which was highly successful in the preliminary tests, could stand the grueling of actual service.

EGG BOYCOTT LAUNCHED

War Against High Prices Begun in Washington by President of Federation of Women's Clubs.

Washington, Dec. 1.—An egg boycott was launched here today by Mrs. Ellis Logan, president of the Federation of Women's Clubs. Workers armed with pledges in which signers were asked to agree not to buy eggs until the prices are reduced, worked on the streets in stores at the suffrage convention and about the city generally, and took many signatures.

MUST PAY THE CORPORATION TAX

Washington, Dec. 1.—Mining corporations must pay the corporation tax imposed by the Payne-Aldrich act, according to the decision today by the Supreme Court.

Eight or ten million dollars have been paid to the Government by such corporations under protest, and 500 suits and claims were started to recover the money.

The case came to the court through Striton's Independence, Ltd., of Colorado, which unsuccessfully contended that proceeds from ores mined by a corporation from its own premises are not "income" within the meaning of the corporation tax law, but a conversion of capital into money.

The court also held that the corporations were not entitled to deduct the value of ore before it was mined as "depreciation." Chief Justice White and Justice McKenna and Holmes dissented on the latter point.

UNIFORM ACCOUNTING

Supreme Court Upholds the System Imposed Upon Railroads by Interstate Commerce Commission.
Washington, Dec. 1.—The uniform system of accounting prescribed by the Interstate Commerce Commission for railroads, was upheld today by the Supreme Court.

AMOSKEAG BANK CASE

Washington, Dec. 1.—The Amoskeag bank case, to test the right of New York city officials to tax stock of National banks without deducting the indebtedness of the owners of the stock, was decided today by the Supreme Court in favor of the city officials.

SUBJECT TO STATE TAXES

Washington, Dec. 1.—The principle was laid down today by the Supreme Court that the business of commercial agents, furnishing information as to the financial standing of business men in a community to a commercial rating house in another state, is subject to state "occupational" taxes and does not come under interstate commerce. The court upheld the constitutionality of the Kentucky law taxing the occupation of attorneys who furnish such information.

A REAL NERVE AND BODY BUILDING MEDICINE

When you are sick or run down, keep away from so-called tonics. The alcohol and dangerous drugs many of them contain stimulate you for a few minutes after the dose is taken, then leave you worse off than ever. You cannot get well by taking stimulants. You are liable to get worse.

Recall Olive Oil Emulsion is not a stimulant. It is a real nerve, body and blood building medicine. It puts the system into shape to overcome present and resist future sickness. It does not contain a drop of alcohol nor anything else harmful. But it builds you up, makes you feel better, stronger, livelier—not the first hour—but after a few days, when the strengthening, toning and tissue-building ingredients have had a chance to work through your blood into those muscles and organs that need their vitality-giving help. The four Hypophosphites it contains strengthen the nerves while purest olive oil nourishes them.

Recall Olive Oil Emulsion is an ideal common sense invigorator and "up-builder." There is direct benefit to you in every one of its ingredients. You who are weak and run down and on who are apparently well now, but are liable to suffer from various cold weather ailments, use Recall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Recall Olive Oil Emulsion—king of the celebrated Recall remedies—is for freedom from sickness of you and your family. Pleasant tasting—unlike the cold liver oil preparations—you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease preventing effects. If it does not help you your money will be given back to you without argument. Sold in this community only at our store—The Recall Store—one of the more than 7,000 leading drug stores in the United States, Canada and Great Britain.

Bourne & Norton Opposite Post-office, Portsmouth, N. H.

HAD NOTABLE CAREER IN NAVY

Dr. John Howe Clark Served as Surgeon on Various Vessels and at Navy Yards.

Dr. John Howe Clark, a Civil War surgeon, died at the home of Miss Fannie Parsons in Amherst, N. H., on Sunday, where he had been taken after a paralytic shock Nov. 21. Dr. Clark was a retired naval surgeon and at different times had held important offices in that branch of the service. Since his retirement Dr. Clark had spent the greater part of the time at his home at Amherst. He never married. The winter months he had been accustomed to spend at a Boston hotel.

The retired surgeon lived quietly, but in March last he came into prominence in a peculiar way. Two new bridges and other extraordinary expenditures had put the little town of Amherst heavily in debt, and a heavy tax rate was expected. By a new ruling of the State Tax Commission every property owner had to make a sworn statement of his taxable property. Dr. Clark was generally supposed to have nothing more than his pay as a retired officer, but when the town officials received his inventory they were astonished by his declaring \$50,000 in currency, uninvested, besides taxable securities to nearly three times that amount. This wholly unexpected discovery of property gave Amherst the lowest tax rate in its history.

Dr. Clark was born in Greenland, N. H., in 1837, the son of Rev. Samuel W. Clark and Rebecca Howe Clark. He received his education at Dartmouth College and was graduated from the Medical School in 1857. During college course his father became a missionary and his mother and younger sister went to Amherst to make their home with relatives.

At the outbreak of the Civil War Dr. Clark entered his country's service, and Oct. 19, 1861, was assigned to the U. S. S. Soloto, in the West Gulf blockading squadron, under Admiral Farragut. From 1862 to 1864 Dr. Clark was assistant surgeon and surgeon in the Gulf squadron. Then he was assigned to the Portsmouth Navy Yard for a year. From 1865 to 1867 he was on the U. S. S. Mohongo in the Pacific squadron. For the next two years he was on the U. S. S. Vandalla, stationed at Portsmouth. From December, 1869, to February, 1873, he served in the Asiatic squadron on the U. S. S. Alaska. Then for a year Dr. Clark was surgeon of the United States Naval Hospital at New York after which he spent two years in charge of the Naval Hospital at Chelsea. From 1875 to 1878 he was attached to the U. S. S. New Hampshire at Port Royal, S. C., and the next two years acted as surgeon in the receiving ship Washburn at the Charlestown navy yard, Boston.

In 1881 Dr. Clark was made a member of the Naval Examining Board. From 1883 to 1886 he was fleet surgeon of the Pacific squadron. On his return to Atlantic waters he was assigned to duty at the Portsmouth navy yard and in 1890 was sent on special duty to Europe in the U. S. S. Baltimore. He was then ranked as medical inspector, and in 1892 he was made medical director of the United States Navy and president of the Naval Examining Board.

In 1891 Dr. Clark was made a member of the Naval Examining Board. From 1883 to 1886 he was fleet surgeon of the Pacific squadron. On his return to Atlantic waters he was assigned to duty at the Portsmouth navy yard and in 1890 was sent on special duty to Europe in the U. S. S. Baltimore. He was then ranked as medical inspector, and in 1892 he was made medical director of the United States Navy and president of the Naval Examining Board.

SUMS FOR NEW ENGLAND

Appropriations Asked by the Secretary of the Treasury Include \$200,000 for Boston Harbor Channel.

Washington, Dec. 1.—Following appropriations for New England public buildings and river and harbor works are asked by the Secretary of the Treasury in his annual estimates, laid before Congress today:

Boston—Appraisers' stores, for continuation, \$150,000; Boston Customhouse, continuation, \$270,000; rent for temporary quarters, \$45,000.

Massachusetts Postoffices—Greenfield, commencement, \$5,000; Milford, completion, \$15,000; Plymouth, completion, \$35,000; Waltham, continuation, \$28,948.80; North Attleboro, commencement, \$6,000.

Maine Postoffices—Bangor, completion, \$100,029.45; Camden, completion, \$10,000; Gardiner, commencement, \$3,000.

Newport, R. I.—For additional land for site of public building, \$100,000; Boston Harbor, \$200,000 for maintenance of 85-foot channel; Fall River Harbor, \$12,000; New Bedford and Fairhaven harbor, \$47,000; Salem Harbor, \$75,000.

Maine—Completing improvements in Portland Harbor, \$150,000; St. Croix river, \$84,000.

Vermont—Burlington Harbor, \$20,000; Rhode Island—Providence river and Harbor, \$60,000.

For preventing the spread of typhoid and brown tailed moths \$287,543.

JAPAN LAUNCHES A BIG WARSHIP

Nagasaki, Japan, Dec. 1.—The launching today of the new Japanese battleship cruiser Kirishima was made the occasion of a brilliant ceremony in which many prominent officers of the navy took part. The big vessel, which was laid down on March 17, 1912, is a sister ship of the Kongo, which was built at Barrow in Furness, England, and is one of a division of four vessels of the same class.

The Kirishima displaces 27,500 tons and is fitted with turbine engines, estimated to develop 70,000 indicated horsepower. The contract speed is 23 knots. She has a coal capacity of 4000 tons and tanks to contain 1000 tons of oil. Her armament consists of eight 14-inch guns and 15 6-inch guns, and she is fitted with eight torpedo tubes.

HOW FRUIT WILL TRAVEL IN DISPUTE

Washington, Dec. 1.—Methods of shipping California oranges fresh and sound to the housewives in Eastern cities depend upon arguments to be made before the United States Supreme Court. The transcontinental railroads assert their right to cool the cars in which the oranges are transported as a part of the transportation but California fruit growers claim they can do the work better.

The Southern Pacific and the Atchafalaya, Topeka, & Santa Fe railroads have constructed expensive precooling plants and ice plants in California to do the work. Their method is to load the warm cars with the warm fruit, with air spaces around the boxes. An entire railroad is then taken into the plants and blasts of cold air are forced through the cars. First the air is below freezing and then the temperature is gradually raised to a little above freezing.

The shippers' method on the other hand, begins with the picking. The oranges are placed in boxes set in rooms with the temperature just above freezing, where they remain 24 to 48 hours. The cars are then connected with the cooling room and the boxes loaded directly from cold storage to the cars. The bunkers are filled with ice and sealed, so as to make the cars airtight.

Previous to 1909 the railroads charged \$75 for refrigerating a carload of oranges to New York. In that year they began the practice of allowing the shippers to precool, but charged \$30 a car for the privilege. In 1911 the Interstate Commerce Commission reduced this charge to \$7.50 representing the wear and tear on the bunkers.

The railroads withdrew the precooling privilege, pointing to their own costly precooling plants as a justification. The commission thereupon issued an order compelling them to allow shippers to precool if the shippers should desire. Then the difficulty was taken to the Supreme Court.

THE OFFICIAL PROGRAM OF THE NATIONAL BOYS' AND GIRLS' CLUB RECEPTION IN WASHINGTON DECEMBER 11th TO 18th.

Washington, Dec. 1.—The Department of Agriculture has issued an official program for the annual reception of the champion members of the boys' and girls' agricultural clubs which will be held in Washington Dec. 11th to 18th. The itinerary includes a reception by President Wilson, the awarding of diplomas by the Secretary of Agriculture Houston, and attending sessions of both the senate and house committees on agriculture.

There will be a champion member from the boys' Corn Clubs from each of the southern states; champions of the Girls' Canning Clubs from the southern, northern and western states and Girls' and Boys' Potato Club champions from Massachusetts, Ohio, Utah, Iowa and Michigan. Colorado will send the Sugar Beet Club boy as the champion sugar beet grower of the state and the sole representative of that club work which has recently been started by the department.

These champion boys and girls will represent an organization of over 150,000 boys and girls.

While the department will officially have charge of the program for the

Don't Be Misled if You Have Lung Trouble

If you have Lung Trouble, do not be misled by reports of discoveries of specific cures. No specific cure has yet been found. Eckman's Alternative, however, is a medicine for throat and lung troubles which has been successfully used in many cases. If you are afflicted with this trouble, you will find it most useful. It is a safe and reliable remedy for all lung troubles and its use may be of lasting benefit to you. Head of this cure.

309 Seventh Ave., New York.

"Gentlemen: Five years ago last August I was taken to the 'Brooklyn Hospital' to be treated for bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a sanatorium in Switzerland. But I could not be admitted because the doctor at the hospital, after a thorough examination, declared my case incurable. I then went to the 'Alternative' and found it most useful. I took the 'Alternative' faithfully as directed, and soon found myself free from night sweats and fever, and gradually got better. I have not taken the 'Alternative' for two years, and am as well as ever. I feel better and am stronger than before my sickness."

(Abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious for all lung troubles, such as Bronchitis, Emphysema, Asthma, Croup, Whooping Cough, and all other lung troubles. Ask for booklet telling of remedy, and write to Eckman Laboratories, 309 Seventh Ave., New York. For sale by all leading druggists and in Portsmouth by Benjamin Green.

reception the expenses are being defrayed by the different states, counties, municipal authorities and private citizens.

The members will arrive in Washington, December 11th and will be given a "get acquainted" reception at the Exhibit House. The President will receive the delegates on Monday morning, December 15th at 10:29 o'clock.

The program for the 12th includes a visit to different points of interest in the city and a trip to Arlington cemetery and Fort Meigs. During the morning of the 13th Secretary Houston will present the champion winners with diplomas, after which, moving pictures of the party will be taken. They will then visit the different departments and museums. A theatre party will be given in the evening.

Sunday, the 14th will be given to rest and attending churches and meetings of the Y. M. C. A., and Y. W. C. A.

On the following day the party will be taken down the Potomac to Mount Vernon, to visit the home and tomb of Washington. On the 16th a visit will be made to the capitol where congress will be seen in session; hearings before the committees on agriculture will be attended; a visit will be made to the government printing office and navy yard, and a theatre party will be given in the evening. The two final days, the 17th and 18th will be taken up with visits to the Pan-American Union building, Potomac Park, Corcoran Art gallery and the different legations, an auto trip through the city and a trip to the Zoological Park. The annual conference of club leaders will be held and a special conference on the Girls' Club work. A feature of the week will be a conference of the Department's lady agents who will be in Washington from every section where they are located and who will act as chaperones to the boys and girls.

TURK APOLOGY TO RUSSIA FOR STEAMER INCIDENT.

Follows Demand by Russia for Reparation for Arrest of Sheik's Murderer on Russian Vessel.

Constantinople, Dec. 1.—The Turkish Government today sent written apologies to the Russian Government in connection with the arrest a week ago on board a Russian steamer of Kavakli Mustapha, who had been sentenced to death for the assassination of Sheik Pasha, former grand vizier. Kavakli has since died in prison, where he was awaiting execution. He is said to have committed suicide. The Russian captain had given Kavakli to the Turkish police, who asserted he was a common murderer, but afterward, when the Russian Government discovered he was a political offender, it demanded his immediate release. The Turkish Government, now faced with the possibility of a demand for an apology has taken the further step of disavowing Azim Bey, ex-pretect of police who had been promoted to be governor of the Province of Adana after arresting Kavakli.

PRAISES CHILD LABOR LAW.

Owen R. Lovejoy Calls Massachusetts Act Benefit to Children and Hopes It Will Not be Repealed.

Lowell, Dec. 1.—The new child labor law was defended last night by Owen R. Lovejoy, general secretary of the National Child Labor Committee of New York, at the social forum at Grace Universalist Church. Mr. Lovejoy deplored the reports that there was an organized movement on foot throughout the state to obtain the repeal of the law, saying that it had proved of unquestionable benefit to the children in the other states that had established it, and that manufacturers in Ohio were largely in favor of the eight-hour day. "Massachusetts," he declared, "is not unique in the matter of a child labor law. She differs from the other thirteen states who have similar laws only in that she stands as the one state in which the cotton textiles are the industry that established the eight-hour day. Massachusetts has not taken a radical step, and the startling changes in con-

ditions she regards as inevitable have never taken place in any other state. For the children in any case the eight-hour day is a benefit."

SENATE PAGES IN A MOCK SESSION

Washington, Dec. 1.—A movement to obtain an increase in pay for Senate pages may be taken up in all earnestness by the youngsters, as a result of their mock session of the senate at the adjournment of the special session. The mock session, adopted a resolution providing for this increase and since then the question has been discussed seriously.

The boys took riotous possession of the Senate chamber after adjournment Saturday, and entertained spectators with a session that shattered all the traditions of the Senate. Many resolutions were presented for discussion, but the one providing for increased pay was debated with an undercurrent of seriousness that the others lacked.

The pseudo-Senators vented their feelings against the "sunk book," a venerable institution in which their little delinquencies are recorded, by resolutions covering the entire gamut of youthful sarcasm. The resolution contained a stinging rebuke to Chief Page O'Toole, who presided over the session, for his "looming habits" and ordered him to destroy the "sunk book." "And if he does not do so," the resolution added, "his said pages will be allowed to break his sinking back."

HOW LONDON COURTS OPEN

The sitting of a criminal trial in London is in striking contrast with that of any similar scene in an American court room. The opening of court in the morning and after luncheon is a curious ceremony according to Mr. T. Leaming's "A Philadelphian in the London Courts." The bar and audience rise, and through a door corresponding to the one by which the visitor has reached the dais, enter the two sheriffs, gowned in flowing dark blue robes trimmed with fur.

Then comes the under-sheriff, in very smart black velvet breeches, white ruffled shirt, white stock-ings, silver-buckled shoes, cocked hat under arm and sword at side. The sheriff is now in ushering to his seat the judge who is arrayed in wig and robe, which in the case of the Lord Chief Justice is of brilliant scarlet, with a dark blue sash over one shoulder or in the case of the common sergeant, is of amber black.

The judge having seated himself in a chair so cumbersome as to require a little track to roll it forward, is instantly close to the desk—the sheriffs dispose themselves in the seats not occupied by the judge or his guests, and later they quietly withdraw. They have no part in the proceedings; their only function is to usher the judges in and out, and to entertain them at luncheon—for the judges are by custom their guests.

At luncheon time the sheriffs escort the judges from their seats and all the judges, sheriffs, and under sheriffs and any guests they may invite, do assemble in the dining room of the courthouse for an excellent substantial luncheon served by butler and footman in blue liveries with brass buttons, knee breeches and white stockings.

The luncheon table looks odd with the varied costumes, the rich blues of the bright woads and the wigs of the party, who, no longer on duty, relax into jolly sociability. Indeed the visitor cannot escape the impression that he has in some way joined a group of "super" from the opera who are ambling a light supper between the choruses.—Youth's Companion.

COLONIAL ARMY SCHEME A FAILURE

Washington, Dec. 1.—The Secretary of War will make an investigation of the conditions affecting the so-called Colonial army in the Philippine Islands. Many complaints have reached the War Department from officers who have been attached to regiments designated for permanent station in the islands. These regiments, while they will remain abroad, will have their commissioned personnel changed periodically. The officers will remain in the islands only for three years, a having been determined that a longer time is detrimental to the health of the personnel. Enlisted men attached to these permanent commands will remain in the Philippines until the expiration of their terms of enlistment, when they have the privilege of re-enlisting and remaining in the islands. Return of non-commissioned officers to the United States will be permitted, but if they return and re-enlist, they do not remain non-commissioned officers, but are reduced to the grade of private.

This situation, it is found, has the effect of discouraging reenlistment, and it is felt that sooner or later it will become difficult to get enlisted men to serve in the Philippines. They will prefer to remain with the commands in the United States unless they can be assured that in going to the Philippines they do so on the same basis as the commissioned officers, for periods not exceeding three years. So much criticism has reached Washington that it has been determined to take up the question with a view to ascertaining what may be done to improve conditions and promote satisfaction of those who are now entertaining grievances. It is coming to be realized that the idea of a colonial army is a failure. There is no objection to having permanence of station so far as regimental paraphernalia and title are considered, but it is considered unreasonable and unjust to require soldiers to stay in the Philippines longer than commissioned officers are expected to remain.

Secretary Garrison is much impressed with the necessity of doing something which shall protect the enlisted men, on the ground that the officer is sufficiently cared for. The case of the non-commissioned officers in such as to call for a radical change in the situation. These in the Philippines are confronted with the necessity of remaining there indefinitely or giving up their rank, which means much to them, and, in fact, in most of them it means everything, because they have been sufficiently long in the army to make it impossible for them to get along elsewhere.

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Sals if your Back Hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with Sals occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weakened, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Sals from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Sals is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Sals is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

WANTS OIL LANDS FOR NAVY

Declaring that the United States navy is in the grip of a trust which can increase the price of oil at will, Secretary of the Navy Daniels in a letter to Senator Tilman, chairman of the Senate Naval Committee, urges Congress to take up immediately the question of Government leases of oil lands. Unless the Government becomes a producer of oil the rapidly increasing cost of that fuel will make the transfer from coal-burning vessels to all-burning vessels a matter of enormous cost, says Mr. Daniels, for the cost of oil has increased more than 100 per cent since the navy built its first oil burners. The Secretary says that he has been trying to lease oil lands from the Cheyenne Indians in Oklahoma, but that the provisions of law regarding the department in competition with private holders have destroyed his efforts. He also says under the Taft Administration 68,000 acres of oil lands in south-

ern California were withdrawn from the public domain for the use of the navy, but that the title to these lands is in litigation and for the present at least they are out of the question.

For regular action of the howell, easy, natural movements, relief of constipation, etc., Dr. Williams' Pink Pills at all stores.

A NEW TEAM.

Railroad Freight Clerk's Going
to Do Some Bowling.

The freight clerks at the Boston & Maine railroad are going to do some bowling and a team composed of the following will shortly be seen on the alleyway. James, Marden, Connor, Casswell and Barr. This aggregation are certain that they can reduce the speed of the Consolidation Coal Co. hawlers and will later give the Market street clerical force a chance to defend their sporting reputation.

ACKNOWLEDGEMENT

The directors of the China House for Children most gratefully acknowledge the following contributions:

South Church Charity Fund, \$25.00
Friends, 2.00
\$27.00
MAYMON MILLARD, Treasurer of
Current Expenses.

ANNUAL CONFERENCE

Of Catholic Clergy of the
Manchester Diocese.

The annual ecclesiastical conference of the pastors of the Catholic diocese of Manchester is being held at Manchester today. Later the curates and assistants of the diocese will meet. This conference was to have been held a month ago but owing to several deaths and transfers of clergy it was necessary to postpone it until today.

NOTICE

FUNERAL NOTICE

Funeral services of Mrs. Eva L. Robinson will be held at 183 Gates street Thursday afternoon at 2 o'clock. Friends invited.

CAMPAIGN IS OPENED

Noted Speakers Will Be
Heard at Methodist Church
This Evening.

The United Missionary Campaign opened with enthusiasm last night. One hundred men representing various churches surrounded the tables in the vestry. The ladies of the Methodist church provided a beautiful and appealing report. Dr. Lerrigo of the Philippines gave a stirring talk touching on his experiences on an island in Behring Straits as medical worker, as well as upon later experiences in the Philippines, and showing the need of heathen peoples for all that Christian people have to offer. His spirit of optimism was contagious, his vision of the "big job" we have and can accomplish conclusive.

At the meeting held afterwards at stakes, Dr. Lerrigo spoke once more, giving an interesting glimpse of what Uncle Sam has done in these fifteen years in the Philippines, and how the service of the missionary supplements and clinches what the government is doing. Rev. J. P. Gates, of Africa, the second speaker stirred the audience with his account of work being done in his field.

Tonight at 7.30 comes the closing session of the campaign, addressed by two speakers, Rev. P. R. Bakeman has been for the past seven years a missionary in China. He was stationed in the city of Hanchow in the heart of the revolutionary district. He came in contact with some of the leaders of the new movement in China, and gives a graphic picture of the startling changes which have taken place in the Orient. Mr. Bakeman is in demand as a speaker throughout New England, both on account of his first knowledge of the Chinese situation and the fascinating way in which he presents his experiences.

Dr. D. Brewer Eddy a westerner by birth, was educated at Andover, Yale and Oxford. He has traveled in mission fields, and among American colleges. After a pastorate in New Jersey, he was called in 1909 to be Secretary of the American Board

DANCING SCHOOL.

Mr. Charles P. Sheridan's Dancing class, Thursday evening, N. E. U. P. Hall. Private rooms if desired.

(Congregational). He ably took the part of David Livingstone in the Pageant at the "World in Boston." His address will be a fitting climax to the services of the campaign in this city.

For Monday and Tuesday
A God of Chance—Reliance. Two reels.

This beautiful story deals with the early Elizabethan period, both in this country and in England. The story opens in England (then the landing in this country in the Puritan Colony, the early hardships with the Indians, and finally ending in England. The fidelity to historic detail, both in costume and scenic effect, is little short of marvelous. Its a two reel play with enough incidents for six reels.

Schnitz the Tailor
Is a Keystone Comedy featuring Mabel Normand and Lord Sterling. (Nuff Said.)

In Hand With Death—Three Reels
A sterling feature abounding in thrilling, dramatic situations, entwining a tale of heart interest out of the ordinary. An unusual feature with an unusual theme and cast.

Mutual Weekly of Current Events—
Given you all the latest and most interesting happenings of the world at a glance.

Miss Evelyn Francœur Sings:—
"Mammy Jinny's Jubilee" and "That Naughty Melody."

Matinees, 2.30; Evening, 7.00; Saturday evening, 5.30.

SPECIAL FEATURE for Wednesday and Thursday:—"THE MISSING WOMAN"—Two Reels. A striking drama of mistaken identity.

ONE OF THE CITY'S DANGERS

Beyond all doubt, he was a loach a muckhead and a snip. He was straight from the country, and his whiskers as O. Henry would remark, were such that, on the slightest provocation, a flock of field mice would run out of them and scamper down the street. He stood, his feet wide apart, his hands in his pockets, in the middle of the asphalt.

"Hi!" called a newsboy, in a hoarse manner. "Old fellow, if you don't move, the first thing you know, you'll have your pistol pocket full of street cars."—The Popular Magazine.

NAVY YARD NEWS

Naval Orders

Lieut. Jr. Grade H. M. Lammers, detached the Arkansas to naval moving grounds, Indian Head, Md.

Lieut. Jr. Grade E. J. Poye detached the Utah to bureau of steam engineering.

Paymaster Clerk J. F. Flynn, appointed to navy yard, Portsmouth, N. H.

Lieut. W. T. Lightle detached the Saratoga, to home and wait orders.

Lieut. A. Norris detached the Galveston to the Saratoga.

Passed Surgeon A. R. Haines, detached the Saratoga home and wait orders.

Passed Asst. Surgeon R. H. Hermesch, detached the naval hospital, Canacao, P. I., to the Saratoga.

Passed Asst. Surgeon F. E. Porter to the Rainbow.

Asst. Surgeon D. C. Post to naval hospital, Chicago, P. I.

Painters Protesting

The painters at the Charlestown navy yard have filed a protest with Secretary of the Navy Daniels against the decision of the wage board denying them an increase in pay. The petitioners state that 1,800 Boston painters receive \$4.00 a day and that under the law the navy painters are entitled to the same compensation as outside workmen engaged in the same line of business.

Expect Recruits

Recruits for the marine guard are expected as soon as they can be obtained to take the places of the men sent to the advance base at Pensacola.

Will Succeed Henry.

John F. Flynn, paymaster's clerk, will succeed Pay Clerk Thomas A. Henry at the general store. Mr. Flynn is at present stationed at the recruiting office in Boston.

Department Approves.

The department has approved of additional work on the survey ship Hannibal, much of which will be done on the rigging.

Foundries for Yards

The bureau of steam engineering of the navy department will take up the question of foundries at the various navy yards, a subject which is regarded as entitled to careful consideration. It is proposed to have special attention paid to the probability that a great portion of the future large casting needs of the navy may be most efficiently met by the establishment of

RED FLOWER WON.

Red Pepper Defeats Miss McClure at Race Track at Dover.

On Monday afternoon upwards of two hundred horsemen from Dover, York and this city assembled at Granite State park, Dover, to witness the match race for \$200, between the bay gelding Red Flower, owned by Charles H. Tibbotts, and Irene, owned by Albert Hishop of this city. Red Flower won the race in three straight heats. At the same time there was a race between Red Pepper, owned by Mr. Littlefield of York, and Miss McClure, owned by Mr. Burton of this city. Red Pepper won in straight heats.

SOUTH ELIOT

There will be an entertainment at the Second Methodist church, South Eliot, Thursday evening, December 4th at 7.35 o'clock.
